The National Model Railroad Association (Canada) is a separately incorporated section of the National Model Railroad Association Inc. headquarters in Chattanooga, TN. NMRA (Canada) is presently a non-profit organization dedicated to preserving our railroad heritage through the promotion of model railroading and by promoting and recognizing craftsmanship and service to others within the hobby.

EDITOR'S DESK

by Russ Watson

The invitations are sent, the first shower is planned and preparations are in full swing for my daughter's wedding on June 24th. In between all of the preparations and the wedding itself, I'll be attending the joint CN Lines SIG and CP SIG meet in Winnipeg on May 26th. It promises to be a great meet and I'm looking forward to it very much.

This issue should be back on schedule and I'll try to keep it that way in the future. I have made some changes to Page 2 as a result of some suggestions that came from a recent 7th Division Standing Committee Email meeting. This page will be updated as information changes, but it will keep the same format for every issue. You now have on this page all of the information that you require to renew your membership, borrow a video or have your questions answered.

With a year now under my belt, and six issues published, I feel more comfortable as the BB Editor. I appreciate all of the help I have received in so many ways. I must still appeal for material though, especially reports and photos of 7th Division events. Upcoming events and meet reports always receive top priority - this is what I think the BB should be all about - please keep the material coming.

I'm looking forward to seeing some of you in Winnipeg and San Jose. I hope you all have a great and safe summer.

Heard in passing: Mike Barone's nickname for Salmon Arm - "fishy limb"

Video Reviews

by Russ Watson

One of the very worthwhile benefits of being a 7th Division member is the access you have to the 7th Div. Video Library. Librarian, Tony Van Bergen, reports that the library is only being utilized by a few of our members. This low usage may be attributed to members not knowing what the videos on Tony's shelf are all about.

We are looking for members who are willing to supply basic reviews of videos that they have viewed, for publishing in the *Bulletin Board*. One or two videos could be reviewed in each issue. It is hoped that these reviews would raise awareness and increase usage of the library. If you would like to help out, please send your reviews to the *Bulletin Board* Editor:

Russ Watson, 4709 Barrow Road, Victoria, BC V9C 4C6 Email russwatson@home.com Perhaps you would enjoy borrowing a video just for this project?

If you know of a video that you feel would be popular in our library, why not send a note to Tony suggesting the purchase? The library will also accept donations of original videos - no pirate copies please.

SUPERINTENDENT'S REPORT

by Dick Sutcliffe

First I would like to compliment the SAMRA group, I had a good time at the Spring Meet, Shuswap Rails 2000, in Salmon Arm. It is always great to get together with a bunch that are having a good time. All those smiles (grins), and expressions of appreciation, from the general public are a lift too.

As you read this I will be in Boise, at the PNR Northwest 2000 Convention. We have finally got organised to the point where the Board of Directors (BOD) meeting will be the day before the events really get under way, so your Directors will be able to take part in the convention events, instead of sitting in a meeting while the rest of you are having a good time.

Speaking of which, as I write this in early May, there are no candidates for the 7th division Superintendent and Assistant Superintendent positions on the ballot, that should have gone out with the LAST BB. I am distressed that so few of you think the 7th division is not worth a bit of your time to help with it's operation as a member of the executive. We have 208 members at present, not counting the 39 that are past due on their renewals. Of these 208, 37 are serving or have served on the standing committee and/or the executive. How about the rest of you contributing?

The Superintendent's job is not that demanding, nor is the Assistant Superintendent's. Here is the job description I circulated a while ago. I'm sure there is a place you can fit in, or work toward.

The following is taken from the PNR handbook. The list looks long, but if you look at it closely you will see that most of the duties are one-time actions, and many of them are acts of delegation. The ones that require some ongoing activity are nos. 1, 3, 9, 10. Those items in "()" indicate who actually does this function.

Division Superintendents duties will vary from division to division. The following is a list of suggested duties:

1. Serve as the executive officer of the division on the PNR Board of Directors (BOD).
2. Attend the PNR Board meetings or arrange for divisional proxy to represent the division at such meetings.
3. Represent the division members and their desires at the PNR board meetings.
4. Maintain accurate records of the moneys received (7th div treasurer).
5. Forward all membership fees each week to the PNR office manager along with member records associated with said funds (7th membership coordinator).
6. Deposit all divisional moneys in an acceptable bank account (7th div treasurer).

7. Arrange annual audit of divisional finances and provide a report to the PNR board yearly.
8. Maintain records of all action taken at meetings (7th div secretary).
9. Keep division members informed of the PNR board activities. (BB columns)
10. Preside over divisional board and membership meetings.
11. Appoint divisional officers and chairs consistent with divisional bylaws. (Recommended staff members; Treasurer, Chief Clerk (Secretary), Membership, Achievement, Member Aid, Editor). (Usually done by the Standing Committee with executive approval)
12. Report divisional news and activities to Switchlist editor and divisional editor. (various coordinators and chairs do this directly)
13. Nominate at least one divisional member each year for the PNR Member of the Year Award. (Ross Heriot Golden Spike Award and Jack Work Award are automatic nominations)
14. Report division election results to the Switchlist editor, PNR office manager, PNR President no later than July 15th of the election year. (Nomination committee)
15. Assist the replacement Superintendent with the transfer of responsibilities.
16. Ensure that divisional bylaws stay in conformance with PNR and NMRA bylaws. This requires that the region secretary has a copy of the current division bylaws and is informed of divisional bylaw changes. (Standing Committee)

You will note that nowhere does it say you are elected for life - the term is 2 years, if that is all you can contribute. I've done my stint, whose next to enjoy the benefits of leading this great group?

Ross Heriot Award

by Bill Van Bergen, Ross Heriot Memorial Golden Spike Award Co-ordinator

All 7th Division members, it's time to think about that one 7th Division member who gives of his/her time and energy to further the aims of the hobby and to nominate that individual for the Ross Heriot Memorial Golden Spike Award. This is a once in a lifetime award and I am now looking for nominations. An earlier reminder was successful in attracting some names but I can always use some more. Thanks to all those who have nominated members already.

TRAINS 2000

by John Moore

Once again the 7th Division, Pacific Northwest Region, National Model Railroad Association, is sponsoring the annual TRAINS show and meet in Burnaby, BC, Canada. The Public Show will take place on Sunday, November 12th, 2000. The meets events will take place on November 10th, 11th, 12th and 13th. This will be the eighteenth annual show.

TRAINS 2000 will be held in the 2045 square metre Cameron Recreation Centre. All this space makes this the largest annual model railway show in British Columbia, with over 2200 public and 120 registrants attending last year.

The meet will include time all day Saturday to set-up displays and attend clinics, popular vote contests and view railway videos from the 7th Division library. On Saturday evening a no-host dinner will be followed by bussed tours of some excellent layouts. Sunday's activities from 9am to 4pm will again be the Public Show. NMRA Achievement Program (AP) judging will be available both days.

Sunday evening will be the annual Fall Meet Banquet and Prototype Tours will be on Monday, November 13th.

The Public Show will feature Modular and Sectional Layouts; Displays of models in all scales, North American and Overseas prototypes; Tin-plate; Collectables; Swap Tables; Videos; Demonstrations; and Expert Advice on the hobby. There will be refreshments available both days.

The purpose of the show is to raise public awareness of this fascinating hobby. This year \$1 of each paid admission will be donated to the CKNW Orphans Fund.

This is a really neat site that I read about in this year's Model Railroad Planning magazine. It allows you access to topographic maps, aerial photos and, in some cases satellite photos of various areas of the US (nothing on Canada). The satellite photos are remarkably accurate and you can zoom in fairly close.

Shuswap Rails 2000

by Don Forsyth

The spring meet at Salmon Arm on April 21st and 22nd in my opinion was a great success. The meet started on Friday morning with set-up and registration. There were 48 NMRA members registered with 110 full registrations. Once registered, the fun began! Set-up and planning on what the priority was to do - as there was a lot to do and one had to make choices.

The Scouts ran a well stocked snack bar, so one could grab a cup of java and a donut, take a quick break and then back to model railroading.

I think Gary Hazell had a direct line as the weather was wonderful, sunny and warm, and he even made the coast people at home with rain during the night.

Between the 'show floor', clinics and layout tours one was kept busy. Friday evening provided lots of socializing with the 'burger bash' and the fun contests. The HO loco pull was won by Mike Kocot with an FP45 (to quote Bob Gardner - "highly modified") and in the the N scale category, a DD40X by Gary Lewis was the winner. The car rolling (HO) was a 'run-a-way' by the flatcar by Rick McCrea, we wondered if it had a power unit it ran so smooth!

Saturday morning started with the 7th Division's No-Host Breakfast and meeting and then all went into notch 8' for another full day. At 16:00 o'clock the meet

was closed and the floor was transformed into the banquet hall. After cocktails, an excellent meal was partaken and then to the awards.

Gary Hazell was the MC and Bob Gardener, MMR, presented the following plaques:

Favourite Locomotive: Dave Quissey for his On3 Shay,
Favourite Car: Richard Slingerland for his Gn3 Maintenance Rail Truck

Favourite Structure went to Ray Hansen for his Okanagan Tug Boat.

Favourite Train to Gerry O'Brien for the HO Super Continental.

Favourite Diorama to Bob Wormald and his N Scale Dock and Fuel Scene.

In the photo department prototype went to John Zuk for "Friendly Meet" and model to Doug Hole for "Train Barge" (people had to be told that it was a model).

The favourite craft item to Dorothy Hanson for her "Salmon Arm Model Rails."

The favourite layout went to the Victoria and Sidney Model Railroad Club

A special award was presented to Jack Routledge for obtaining the highest AP points in those judged at the meet. The formal evening concluded with an excellent slide show presentation by Jim Johnson on Tumbler Ridge as the main theme but others showing the interchange that the CN & CP do for 'one way' to the coast.

Shuswap Rails 2000 continued

That concluded a very active meet and as the SAMRA hosts took a breath, the participants gave them a very big 'Thank You'. If you didn't make it you missed layouts like Graham Redman's Shuswap Pacific Rwy where the hidden yard is on closed circuit TV so the dispatcher can see the track and occupying trains. There were layouts to see in all scales and of course the 12 inches to the foot was handy. I for one stopped at CP Kamloops and was treated by the dispatcher to a tour of the operation and given the days line-up east and west.

THANK YOU SALMON ARM FOR A GREAT SPRING MEET - you did yourselves proud and now you can get away from the phones and computers and enjoy the hobby to the fullest again!

WELCOME!

A very warm welcome to the following new Seventh Division member:
