

7th Division, PNR, NMRA Fraser Valley Report

November 2022

Unfortunately, because of the current pandemic, nothing has occurred since the last report. The FV Subdivision has not held any face-to-face meetings or clinics. Neither have we arranged any electronic meetings. We hope to arrange a face-to-face event in the spring of 2023.

The status of the Chilliwack Model Railway Club is not currently known.

Coldslap Free-mo continues to develop its HO-scale modular layout fully compliant with the North American Free-mo standards. The annual BC Free-mo Meet in Chilliwack was held in June 2022.

Anyone with an interest in pursuing the Free-mo concept is welcome to visit www.coldslapfreemo.org/welcome.htm and/or to contact the group. The group will be pleased to mentor anyone with a strong interest in Free-mo.

The last word, prior to the pandemic, was that Heritage Park management intended to assume the organisation of the annual model railway show. Unfortunately, this too was cancelled, at least for 2021. The future is not yet known.

I invite all model railroaders in the Fraser Valley area to send me news, photos and updates on their activities; digital submissions only please. I am always looking for something interesting for this report. I can be contacted at sebelley@shaw.ca.

Larry Sebelley
Fraser Valley Representative
